

I dropped by the police station last night to check up on whether Hope's baby deer was still in town — but Patrolman Happy Dunn's long face answered my question before it was asked.

Happy took the 2-week-old buck fawn home with him early Wednesday — but higher authorities came along and decided where the young fellow belongs is the state deer preserve north of here in Howard county.

Maybe it's just as well. The game warden got pretty technical about a fellow keeping a fawn in captivity, and if this babe had been taken back to the place where he was found near Red Lake his bereaved mother probably wouldn't have had anything to do with him — leaving him to the mercy of vultures, wolves, and dogs. I'm not sure about deer, but many wild animals abandon their young once they've picked up the scent of humans.

I guess we owe an explanation to Judge Quillen, who found the fawn and brought it to Hope, because he photographed the deer with Dunn rather than himself. The fact is, Quillen knew about the fawn — and you have to grab pictures in a hurry if you're going to publish 'em the next day.

Tom Hays was showing the fawn at the grade schools yesterday morning, and asked me if I had seen it. Which put me in a position to explain gently that I had spent part of the previous night photographing the deer and the cops sprawled all over the floor of the police station.

From the New Orleans Item we pick up the following story about Horace Greeley, New York editor whose advice, "Go West, young man," made him famous — the anecdote being credited originally to the February issue of Coronet magazine:

"Horace Greeley was a gentleman with decided opinions. When he had one concerning the editorial policy of his paper he enforced it with a mailed fist.

"One of his ideas which was most irritating to his staff concerned the key word of any newspaper — news. Despite the fact that Mr. Webster defined the word as plural in form but singular in use, Greeley took issue with the dictionary. The word ending as it did in 's', was undoubtedly plural, he maintained, and plural at all times. Therefore it was always to be so handled.

"Mr. Greeley once telegraphed a reporter from whom he had had no word for 24 hours: 'WHAT ARE YOU DOING STOP ARE THERE ANY NEWS?'

"The man promptly wired back: 'NOT A NEW.'

Panty Swipers Have No Luck at University

Fayetteville, May 22 — Panty pilfering spread to the University of Arkansas late last night, but 1,000 rowdy male students reduced their raid to a ripple in the face of a mild show of force by school officials.

About 50 of the unorganized crowd gained entrance to one sorority house while the remainder of the leaderless crowd milled around the campus, shouting and shooting off an occasional firecracker.

The students began forming on tennis courts across from Holcomb Hall, a dormitory for freshmen women, about 11 p. m. They first marched on the Chi Omega House, but faded away when they were met by Dean of Women Jeanette Scudder, Dean of Men John Shoemaker, Football Coach Otto Douglas and four or five policemen.

The boys then visited the Zeta Tau Alpha House and Phi Beta Phi House, but did not enter either darkened building. The crowd appeared to be breaking up when one lone raider managed to gain entrance to the Chi Omega House. When he emerged a few minutes later waving aloft a brassiere, about 50 students forced another door and raided the house.

They were not stopped from entering, but when policemen arrested the last raider to leave, the students gathered to protest. This row was broken up by Coach Douglas. The student was freed.

Yesterday, Dean Shoemaker warned male students that military service might be the punishment for participants.

He said the raiders would be punished by suspension, and pointed out that a suspended student loses his draft-proof standing.

Flowers Will Again Try to Save Maxwell

Pine Bluff, May 22 (UP)— The attorney for three-convicted Hermon Maxwell said today that he is refusing "outside legal and financial aid" to save the Negro from the electric chair.

Attorney Harold Flowers said, however, that he plans to file "additional information" shortly in a federal court in a last-ditch fight to save Maxwell from execution, which has been set by Gov. Sid McMath for June 6. Maxwell has lost three appeals to the State Supreme Court from his conviction on charge of criminal assault on a young white farm matron.

The condemned man has spent two Christmases in the death house at Tucker Prison Farm.

Flowers said he had received a letter from William Petterson of the Civil Rights Congress offering financial and legal aid in the Maxwell case.

"I am refusing this aid," said Flowers, "because I believe that it is in the best interests of the people of the state to do so. I am a native of Arkansas, and I believe we can work out our own problems without help from anyone in New York."

Defiant Reds Post Own Guards

Koje Island, Korea, May 22 (UP)—Defiant Communist prisoners of war posted their own guards inside turbulent Kojima compounds tonight apparently to prevent pro-Allyed fellow captives from escaping.

A hard core of incorrigible Reds, wearing uniforms and armbands but without weapons, stood at posts 50 feet apart in notorious Compound 76 where more than 6,000 Communists held Brig. Gen. Francis T. Dodd hostage for 78 hours.

Unconfirmed reports said the Communist sentries grabbed one prisoner who tried to escape this evening.

The Reds appeared determined that none of their fellow prisoners who have become anti-Communist would escape to the outside and pass on information to Allied prison officials.

U. N. authorities said the Red leaders were concerned over possible escapes because Communist riot plans and details of their prisoner organization set-up might fall into Allied hands. Any escapes also would weaken the strict discipline under which Red leaders keep their fellow prisoners.

U. N. officers and guards indicated they would welcome the escape of any prisoner elements friendly to the Allies.

The presence of Red sentries was first noted when 8th Army commander Gen. James A. Van Fleet visited Kojima Island today. Allied newsmen allowed to inspect the compounds from the outside believed the Reds were better prepared to keep fellow prisoners from escaping than U. N. Guards are for keeping them inside.

B&B Installs Air Conditioning Unit

B&B Grocery has installed a new 7½ ton air conditioning unit, it was announced today by Dewey Baber, owner and manager.

He installed the unit for benefit of our customers during the hot summer days, Mr. Baber said.

The students began forming on tennis courts across from Holcomb Hall, a dormitory for freshmen women, about 11 p. m. They first marched on the Chi Omega House, but faded away when they were met by Dean of Women Jeanette Scudder, Dean of Men John Shoemaker, Football Coach Otto Douglas and four or five policemen.

Routine Issues Taken Up in Council Meet

In a routine session Hope City Council decided to blacktop Second street between Hazel and Laurel, 150 feet on Walnut starting at Third and 150 feet on Elm starting at Third and transferred fines collected from parking violations from the city general fund to the parking meter fund.

The group also gave final approval to the purchase of a turbine-generator and condenser for Water and Light Plant improvement; passed a resolution approving sale and conversion of W&L Plant bonds and raised the salaries of meter readers to \$190 per month, effective June 1.

City Hall repair work was awarded to H. R. Oasler and an ordinance will be drawn up incorporating the Workmen's Compensation statutes to cover city employees, and voted to allow the Roundup Club free electricity during their meetings.

A committee was named to work out a contract with the American Legion for lease of the Old Elks building as a meeting site and it was decided to try and operate the Municipal swimming pool on the same operating cost as last season.

Fulbright Asks Probe of Aluminum Deal

Washington, May 22 (AP)— Sen. Fulbright (D-Ark.) said today he proposes to get to the bottom of a proposal for a long-term contract for purchase of Canadian aluminum.

At his request, the joint House-Senate Defense Production Committee has summoned Manly Fleischmann, defense production administrator, to a hearing on May 29 to air the entire matter.

California Oilmen to Talk Strike

Denver, May 22 (AP) A strike vote among oil refinery and pipeline workers in California may be discussed today, further complicating the slow return to normal of the nation's oil industry.

California refineries have not taken part in the three-week shutdown. At its high point, about 90,000 workers were out in other states. Approximately 60,000 still are away from their jobs.

A CIO spokesman at the Tide Water Associated Oil Company's Avon refinery across the bay from San Francisco said the strike question may be raised at a possible meeting of 1,300 workers today. Negotiations collapsed Tuesday.

An official of a San Francisco oil union also said a strike vote might be taken among other California workers.

Most negotiations have been conducted on a local basis, and most settlements have involved widely scattered, small membership groups.

O. A. Knight, president of the CIO Oil Workers International Union with headquarters in Denver, has predicted nearly all of them will be back by this week end. Knight's union is the largest of the 22 A.F. CIO and independent unions which called the strike.

EX-ARKANSAN KILLED

Stockton, Calif., May 22 (AP)— Eugene Millsaps, 38-year-old former garage operator at Russellville, Ark., died in a hospital here Saturday from injuries suffered in a car-motorcycle collision.

Millsaps, a native of Nogo, Ark., was riding the motorcycle.

U. S. Flyers in Daylong Raid on Pyongyang

Seoul, Korea, May 22 (AP)— U. S. Fifth Air Force fighter-bombers, in an all-out, hour-by-hour attack, today smashed a huge Communist supply area between the North Korean capital of Pyongyang and its port, Chinnampo.

The attack began at dawn and continued throughout the day. The Air Force described the target area as a huge war material manufacturing and supply area.

Pilots reported 117 buildings destroyed and 80 heavily damaged. Fighter pilots from the 1st Marine Aircraft Wing and the Royal Australian Air Force 77th Squadron took part in the big strike.

On the ground U. S. Patton tanks guns shot up Red fortifications along a 20-mile sector of the Central Front yesterday.

A U. S. Eighth Army staff officer said the tanks blasted 250 Red bunkers and inflicted 354 casualties. Tanks of the U. S. 40th Division California National Guard spearheaded the assault.

The staff officer said one Allied tank was lost.

The obvious objective was to burst open the fortress—like earth and log bunkers the Communists have built during the lull in fighting. Artillery fire usually wastes itself on massive overhead shields of earth and logs, sometimes 15 feet thick.

The tanks assaults ranged from Chorwon in the West to the jagged peaks south of Kumsong in the East. They began Tuesday morning and continued until Wednesday afternoon.

Elsewhere on the 158-mile front Allied and Communist patrols clashed in fights lasting as long as three hours.

SAIL FOR EUROPE
New York, May 22 (AP)— The Duke and Duchess of Windsor sailed yesterday aboard the liner Queen Elizabeth for their annual summer trip to Europe.

Britain's former monarch said he would spend four days in London on business, then join the Duchess at their Paris home.

Cattlemen of Third District Open Convention Here

The Third District Cattlemen's Association meeting got underway here at 2 p. m. today with registration.

President Dale Jones called the meet to order and the invocation was given by J. I. Liebling, secretary of the group. Welcome address was by Mayor John L. Wilson with response by Tom Jones, Washington.

Lyle Brown was to make introductions with the following talks to be followed by a barbecue at 6:30 p. m.:

How a Cattlemen's Association Can Benefit the Cattlemen, to be discussed by Henry Bell, Port Worth, manager of the Texas and Southwest Cattle Raisers Assn.

Outlook in Arkansas will be discussed by Ned Purdie of Hope, while Joe Gerard of Benton will talk on pasture and breeding. Arch Smith of Texarkana will discuss management application while Dr. Herbert Rogers will talk on diseases.

There is nothing left to negotiate—the decision is in your hands," the admiral declared.

Joy, upon completing his prepared statement, strode from the Panmunjom conference tent. His action threw the Communist delegation into a flurry.

But Maj. Gen. William K. Harrison, Jr., Joy's relief, moved over into the U. N. chief delegate's seat and suggested a recess until tomorrow. The Reds demanded an almost unprecedented afternoon session.

It lasted 20 minutes. Harrison said North Korean Gen. Nam Il used it in a feeble attempt to reply to Joy in what Harrison called "plain drivel."

Another session was set for 11 a. m. Friday (0 p. m. EST, Thursday).

Joy said in his stinging farewell the Allies have made their last concession on the repatriation of prisoners of war issue—last roadblock to a Korean truce.

The Allies won't back down, he said, from their refusal to return prisoners of war who do not want to go back to Communist rule. The Allies say that of nearly 170,000 Red captives and internees about 100,000 refuse to rejoin the Reds voluntarily. The Communists want all their captured soldiers back—or no truce.

"Your side must completely abandon your absurd proposition to retain our captured personnel," Nam Il said in a 15-minute opening blast at the Allies.

He repeated his daily attacks on U. N. handling of war prisoners. Joy was the last member of the original five-member Allied team that began truce talks July 10. He is leaving to become commandant of the U. S. Navy Academy at Annapolis.

"Nowhere in the record," he told the Reds, "is there a single action of your side which indicates a real and sincere desire to attain" a truce.

"Instead," he continued, "you have increasingly presented evidence before the world that you did not enter these negotiations with a sincerely and high purpose, Continued on Page Five

Hopes Fade in Lion Oil Settlement

El Dorado, May 22 (AP)— Prospects for an early settlement of the strike of 600 CIO oil workers against the Lion Oil Company's chemical plant here appeared today to have faded.

The disputing parties met yesterday in a 2-hour session with Federal Mediator C. A. Wheeler, but a union spokesman said no progress was made toward an agreement to end the strike. There was no comment from either the company or Wheeler, who returned to Little Rock following the session.

R. W. Lawrence, international representative of the Oil Workers International Union, said that Lion and the strikers were in dispute on several issues other than the two that brought on the strike May 1 union demands for a 25-cents-an-hour wage boost and more pay for night work. He said no more meetings had been scheduled.

A similar strike at Pan-Am Corporation's refinery here has been settled. The workers returned to work for a 15-cents-an-hour boost, and night differential increases of six and 12-cents-an-hour.

In a separate dispute, some 250 members of the AFL International Association of Machinists also are on strike against Lion chemical for higher pay.

KILLED IN ACCIDENT
Fort Smith, May 22 (UP)— A Dora, Ark., youth was killed instantly in the crash of two vehicles in residential Fort Smith early today.

The victim was Carl Tomlin, 19. His companion and driver of one of the cars, was Raymond Jones, also 19. He escaped serious injury but was given emergency treatment at a hospital.

Officers said their car side-swiped a dump truck at a street intersection and skidded 100 feet before stopping on its side.

Ridgway Warns Reds May Be Plotting Germ, Gas Warfare in Korea

Joy Rebukes Reds in Final Peace Parley

Munsan, Korea, May 22 (AP)—Vice Adm. C. Turner Joy in his final statement as chief Allied truce delegate today rebuked the Reds for using the Korean armistice talks as a "stall to repair your shattered forces."

"There is nothing left to negotiate—the decision is in your hands," the admiral declared.

Joy, upon completing his prepared statement, strode from the Panmunjom conference tent. His action threw the Communist delegation into a flurry.

But Maj. Gen. William K. Harrison, Jr., Joy's relief, moved over into the U. N. chief delegate's seat and suggested a recess until tomorrow. The Reds demanded an almost unprecedented afternoon session.

Many Facts Are Found in an Almanac But Boyle Comes Up With Some Very Strange Ones

By HAL BOYLE
New York, May 22 (AP)— The oddity almanac:
Remember the old Dagmar? Shiny sides, great on curves, and carried a front and rear bumper. The Dagmar (1922-1927) was just one of 2,500 kinds of automobiles made in America since the turn of the century. Only 21 survive today in this fiercely competitive industry.

Studebaker, which started making covered wagons 100 years ago, claims to be the oldest firm still in existence. But Dad or Granddad will recall going courtship in cars bearing such vanished trademarks as Mercer, Rickenbacker, Oldfield, Maxwell, Vello and Stutz Bearcat.

Speaking of covered wagons, did you know that some 1,700,000 Americans now live in trailer coaches? In 12 years the industry's annual sales rose from \$10,000,000 to \$248,000,000. The length of the standard trailer has increased from 15 feet to 30, and you can buy 'em up to 45 feet. These have four rooms and small showers. Until the government entered the market, 68 per cent of the trailers were bought by defense workers, 25 per cent by servicemen. Suggested theme song: "Oh, The Sun Shines Bright... On My Old Kentucky Trailer."

Pact-It-Stranger-Than-Fiction Department: The Columbia Gazetteer says only 30 Russian towns are named after Stalin to go for Sergei Kirov, a Soviet bigwig assassinated in 1934. Many of the coach dogs you see in fleshhouses never hear the firebell. The Red mutton breed had a high percentage of deafness. Senators Demand Facts on Korea

Washington, May 22 (AP)— Senate senators demanded more facts from the Pentagon and Korean commanders today about the handling of the Kojima Island prisoner of war camp.

Sen. Bridges (R-NH) told a reporter closed-door testimony yesterday by Gen. Matthew B. Ridgway, recent Far Eastern commander, left many questions unanswered.

Battle Looms Over Plan to Revamp WSB

Washington, May 22 (AP)— A Senate fight brewed today over a committee-approved bill to revamp the Wage Stabilization Board.

Despite an AFL boycott threat and CIO criticism of the plan, the Senate Banking Committee formally recommended yesterday that Congress scrap the present board and replace it with an all-public panel.

The new board would be stripped of authority to recommend settlement of union-management disputes — as the existing wage board did in the steel case.

Organized labor, industry and the public are equally represented on the present 18-member board.

Some members of the committee announced plans to ask the Senate either to preserve the present board or modify it less drastically.

Peace Prevails on American Railway Front

Washington, May 22 (AP)— Union-management peace, the first in more than three years, came to the nation's railroads today and the government was ready to give up its 21-month operation of the roads.

Three rail unions, with a combined membership of 150,000 signed a "memorandum of agreement" with the carriers late last night in the White House.

The agreement, unlike one signed by the same three union chiefs in December, 1950, is binding on the rank-and-file. The 1950 agreement was repudiated by a vote of the memberships of the three unions.

Propaganda Is Tipoff But UN Is Prepared

Washington, May 22 (UP)— Gen. Matthew B. Ridgway said today he false Communist charges against the United Nations and the false Communist charges against the United Nations and the false Communist charges against the United Nations.

But the former Supreme U. N. commander in the Far East, the House and Senate in joint session, the Eighth Army in Korea is ready for whatever happens.

Ridgway said the U. N. stands "proud, defiant and confident of its capability for accomplishing any mission it might be assigned."

His remarks echoed some of those made last week by Defense Secretary Robert A. Lovett. Lovett told newsmen that germ warfare charges hurled by the Reds against the U. N. May, as Communist propaganda has been in the past, a tipoff to the enemy's intentions.

If the Reds ever do launch a germ warfare against U. N. Lovett said, they will find they had never been born. Ridgway, too, appeared to be hinting at prompt retaliation when he said the Eighth Army is confident it can carry out "any mission" that might be assigned to it.

Ridgway declared that the U. N. has given the Communists a formula for "a logical, reasonable and honorable settlement" in Korea. But their response has been "vicious falsehoods," concerning the Reds' germ warfare charges, Ridgway said.

"These allegations are false," he said. "No element of the United Nations command has played either germ or gas war in any form, at any time."

Then he added: "In the black record of false propaganda charges should stand out a monumental warning to American people and the world — a warning as man and as urgent as a forest bearing down upon a wooden log."

Washington, May 22 (AP)— President Truman said today he is of his power to seize industrial emergency, he likes all the who have come out for the L. eratic nomination for president. he believes the government will take care of itself. his new attorney general.

Truman, in a far-ranging conference, also said he knew whether Co. Adams, son of Illinois might be expected to seek or accept the Democratic nomination.

Three Missing in Tugboat Collision

Philadelphia, May 22 (AP)—Three men of a seven-man tugboat crew were missing after a pre-dawn collision in the Delaware River early today.

The Coast Guard reported four men of the crew of the tug Patero

were picked up alive after the tug sank near Tinicum Island, off Vowin, Pa. The Coast Guard said the tanker American Dealer collided with two oil barges being towed by the Patero.

Visiting Around Arkansas BY JOE MARSH

"FABULOUS OZARKS—Now Offer Tourists Huge Lakes for Recreation!"

I've been through our Arkansas Ozarks scores of times... but each trip renews every thrill I ever felt traveling through our modest but magnificent mountains. The air up there is like a tonic; it makes me eager to turn each successive curve.

This last trip I started playing the game of counting auto licenses from other states. From Springfield to Berryville I counted 20 different states. Most of the cars were loaded with families—all apparently folks who were going to vacation awhile in Arkansas.

Arkansas folks appreciate our vacation wonderland, too, just like our out-of-state neighbors.

And our home folks and neighbors also appreciate the fact that they can drink a fine glass of beer or ride in an establishment kept clean, wholesome and law-abiding by the Brewing Industry's voluntary Self-Regulation Program.

Wisteria Garden Club
Meets Wednesday

Mrs. Clyde Coffee and Mrs. A. Nash were hostesses to the Wisteria Garden Club on Wednesday afternoon from 2 to 4 in the home of Mrs. Coffee.

Mrs. Homer Jones, vice-president, presided in the absence of the president, Mrs. Will Ed Waller, read the club's creed. The club's project for the year, which is a road side park 3 1/2 miles West of Hope on Highway 67, will be completed as near as possible within the next two months. Mrs. Olin Purtell gave a report on the garden show in Horatio at which the Wisteria Club was special guest.

Three new members, Mrs. Roland Robertson, Mrs. Neal Horn and Mrs. Pod Rogers, were welcomed into the club. The treasurer's report was given by Mrs. Olin Lewis. Each member donated one dollar to the club treasurer to have a good start for the new year.

The following committee chairmen were appointed: Year book, Mrs. Kennie McKee, program chairman, Mrs. Clyde Coffee, telephone, Mrs. Vic Cobb, finance, Mrs. Olin Purtell, flower show, Mrs. Will Ed Waller, membership, Mrs. Olin Lewis, project, Mrs. Fred Greshman, publicity, Mrs. Olin Purtell.

Mrs. Kennie McKee was in charge of the program. Each member brought flowers suitable for mak-

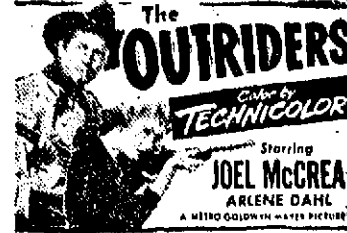

ing corsages and made their own with Mrs. Vic Cobb winning the traveling prize. The corsages were delivered to patients in the Julia Chester Hospital.

Mrs. A. B. Patten Hostess
to Lilac Garden Club

The Lilac Garden Club met in the home of Mrs. A. B. Patten Wednesday afternoon at 3 o'clock with Mrs. Mike Kelly, Mrs. Herbert Lewallen, and Mrs. Tom Kinser as co-hostesses.

Mrs. H. C. Whitworth, president, presided over the business session. She reported on the progress made in the club's responsibility for the Lions Jamboree on June 6. Tickets were also distributed to all members to sell. Final details were taken care of for the joint luncheon to be held at the Country Club on June 4. All garden clubs of Hope will participate in this affair.

Mrs. Tom Kinser was the leader of the program and the first talk was given by Mrs. Dorsey McRae on "What to Do in May." Following her talk Mrs. D. J. Camp discussed "Hedges and Outdoor Gardens," and Mrs. K. E. Ambrose gave an article on "What

MAKE-UP WON'T HIDE CALENDAR LOOK
But this scientific way... may avoid showing monthly "sorrows" All the make-up in the world can't take that drawn, nervous look out of your eyes each month. But now a modern way that has helped many women and girls who suffer from calendar misery, nervousness and its signs. It's CARDUI, a little medicine that builds strength and resistance each month—no after a little, many women feel so much more at ease. Also helps resist jittery nerves—sleep better. Look, feel your normal, happy self. Ask your dealer for CARDUI. (Nazi "parapowder").

NO G-MAN

Oklahoma City, May 21 (AP)—A U. S. district attorney named his registered bird dog "Sooner G-Man."

But the pup turned out to be no rival to J. Edgar Hoover.

Robert E. Shelton discovered someone had pilfered his dog's license and vaccination tags, which turned up mysteriously around the neck of a neighbor's black cocker.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up at night or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Duane's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Duane's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Duane's Pills today!

but rather, to gain time to repair your hattered forces and to try to accomplish at the conference table what your armies could not accomplish in the field.

Joy accused the Communists of "colossal impertinence" in citing the Geneva Convention to back their position on the prisoner issue. He ended his farewell with these words:

"After 10 months and 12 days I feel that there is nothing more for me to do. There is nothing left to negotiate. I now turn over the unenviable job of further dealings with you to Maj. Gen. William K. Harrison, who succeeds me as senior delegate of the United Nations Command delegation. May God be with him."

Director Charles Ross has asked the City Council to repeal it.

UN, Enemy Tanks Fight 6-Hour Battle

Seoul, Korea, May 21 (AP) — A United Nations tank-infantry patrol fought a six-hour battle with Red forces east of the Panmunjom truce site on the Korean Western Front yesterday.

A U. S. Eighth Army staff of five said the Allied tanks ran into small arms, mortar and rocket fire from a Red force of undetermined strength. The U. N. force

dug in and pounded the Reds with artillery, mortar and tank fire before disengaging.

Kefauver Getting Stronger, Some Say

By The Associated Press
The more opposition Sen. Estes Kefauver gets in his race for the Democratic presidential nomination, two sources said today, the faster he seems to run.

Two Senate Colleagues of the Tennessee, Hubert Humphrey of Minnesota and James Murray of Montana, said any opposition from President Truman would enhance Kefauver's bid.

To Continue Wage, Price Controls

Washington, May 21 (AP) — A bill to continue wage-price controls until next March 1 and rent and credit controls until June 30, 1953, comes to a vote today in the Senate Banking Committee.

As amended by the group, the legislation would keep the Wage Stabilization Board of authority to intervene in labor disputes, as it did in the steel case. It also would

make the WSB's body represent the public in general, not just membership given representation to the public unions and industry.
